KOLLEKCIÓ COLLECTION

Natúr harmónia – A BRILLA hidegburkolat kollektiót bézs és szürke színvilág, szokványos motívum használat, valamint visszafogott megjelenés jellemez. Amíg az összeállításban megtalálható homok színekben pompázó falí és dekor csempék, valamint burkolatok melegséget árasztanak, addig antracit árnyalatú változataik hűvös eleganciát sugároznak. Az enteriőr trendi megjelenését pedig olyan díszítő elemek fokozhatják tovább, mint például a gyűjtemény mozaikésdíszítőcsíkdarabjai. ABRILLAburkolatok egyszerű szépségükkel hódítanak, miközben kellemes légkört teremtenek minden otthonban.

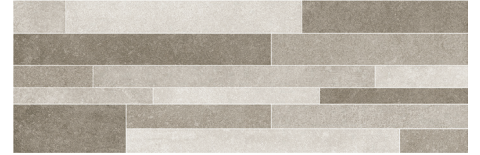

Natural harmony - The BRILLA tiles collection is characterised by beige and grey colours, the use of standard motifs and a restrained look. While the sand-coloured wall and decorative tiles and tiling in the collection exude warmth, the anthracite shades exude cool elegance. And the trendy look of the interior can be further enhanced by decorative elements such as the mosaic and decorative stripes in the collection. BRILLA tiles captivate with their simple beauty, while creating a pleasant atmosphere in any home.
